

APPENDIX B

Emergency Discharge Sites

See notes in Section 4.1 regarding the potential need to modify / augment over-pumping sites to deal with future flood events. Over-pumping sites will be selected to provide the most effective arrangements to maintain services, whilst minimising environmental effects. Where practical, sites that have been used previously are expected to be re-used (when necessary), but the use of different locations cannot be ruled out, if hydraulic conditions dictate.

Chilbolton, Hampshire - Overpumping and Tankering Sites (Plan 1 of 1)

Timing for Deployment of Tankers and Overpumps in previous winters

Location	Tankering			Overpumping		
	Start Date	Stop Date	Typical Number of Tankers	Start Date	Stop Date	Typical Number of Pumps
Chilbolton	31/03/2014	31/03/2014	3	13/02/2014	11/04/2014	1
Chilbolton	11/03/2020	20/03/2020	1	N/A	N/A	N/A

Tankering and over-pumping were not required during the 2020/21 winter.
